

we are hiring!

We are actively looking for a motivated, forward-thinking, creative

Interior Designer

You will thrive with us if you have:

- Readiness to tackle challenges
- Natural tendencies to collaborate and iterate
- Flexible aesthetic for a diverse client base
- A creative spirit that thrives in a fast-paced workplace
- Top skills in project organization and team dynamics
- Strong interpersonal and presentation skills
- Eagerness to learn and be open to new ideas
- Agility with technology and leveraging tech to improve design
- Passion for elevating the client experience
- Interest in the healthcare environment and wellness principles
- A working knowledge of Revit, Adobe Creative Suite
- A sense of humor + fun and an excitement to dig in!

And we'll return the favor with:

- Team based structure that supports each project with a diverse team of architects, interiors, and furniture gurus working for a diverse client base, most which have served for decades
- Exposure and participation in all aspects and phases of design to grow your project management skills
- Growth and development opportunities from internal technical education to professional organization offerings
- Support and time to pursue licensure
- A personal mentor on our leadership team to help you design your path and connect you with unlimited resources
- Wellness programs with networks to help you manage anything from mental to financial health
- But we don't forget the basics with insurance plans to fit your needs, generous PTO, 401k profit sharing and retirement plans
- Plenty of internal committees for you to join and add to the growth and direction of the firm
- A sense of humor + fun and an excitement to dig in! Yeah, we work hard And play hard, it's just who we are.

You know that feeling you get when you walk around a space that you've had a hand in creating? That mixed bag of excitement and contentment, yet you're already generating new ideas? If that's your mindset, then you'll fit right in.

Who we are

Founded in 1977, TMPartners (TMP) is an architecture and interior design firm, specializing in planning, design and project management for health-care, commercial/office, education, and government/civic facilities across the country. **People are at the center of everything we do.** Our vision is to elevate the design of environments for everyone by partnering with our Clients to create solutions that move their vision forward.

We respect that every project has a history and life of its own. **Design starts by knowing what matters most.**
